OASIS GLASS L.T.D

About Us

Oasis Glass is a specialized company supplying raw glass to factories across Saudi Arabia. We provide comprehensive glass supply solutions in various types and thicknesses, meeting high-quality standards. We focus on meeting factories' needs through reliable products, consistent supply, competitive pricing, fast fulfillment, and uninterrupted availability.

Our Business

- Raw glass supply.
- Direct supply to factories.
- Commercial quantities.
- No installation services.

General Manager's Message

We are proud at Oasis Glass to be a trusted partner to factories by supplying high-quality raw glass while maintaining professionalism and precision throughout every stage of the supply process.

We strive to build long-term relationships with our customers by providing products that meet industrial requirements, supported by fast delivery, a diverse product range, and reliable scheduling.

Our vision is to become the first choice for factories seeking quality and supply stability, while continuously developing our services to deliver the best solutions in the raw glass sector.

Ahmed Hazazi

General Manager

Towards a More Transparent and Quality-Driven Future in the Glass Industry

Our Vision

To become one of the leading raw glass suppliers to factories across Saudi Arabia through quality, consistency, and reliability.

Our Mission

To provide high-quality raw glass products that meet the needs of the industrial sector, with a commitment to fast supply, competitive pricing, and professional service.

Our Goals

- Deliver high-quality products.
- Maintain consistent stock availability.
- Build long-term partnerships with factories.
- Continuously improve our supply services.
- Meet delivery schedules.
- Support the industrial sector with reliable products.

Our Products

www.oasisglass.glass

We offer a diverse range of raw glass products to meet the requirements of various industries.

Our products include:

- Ultra Crystal Low-Iron Glass.
- Super Clear Glass.
- Tinted Glass.
- Mirror Glass.

Available in multiple thicknesses to suit a wide range of industrial applications.

Ultra Crystal Low-Iron Glass

Ultra Crystal Low-Iron Glass is a premium raw glass product manufactured with a low iron oxide content, providing exceptional transparency and superior optical clarity compared to conventional clear glass. It is an ideal choice for factories requiring the highest standards of quality and precision in glass products.

Features

- Exceptional transparency and high light transmission.
- Low iron content for a neutral color and clearer edges.
- Superior optical clarity that enhances true colors.
- Smooth surface and high manufacturing quality.
- Suitable for cutting, drilling, shaping, tempering, and lamination.
- Consistent quality and dimensional stability.

Available Thicknesses 5.5 mm 6 mm 8 mm 10 mm 12 mm

Super Clear Glass

Super Clear Glass is a high-clarity transparent glass with a lower iron content than standard clear glass, providing enhanced clarity, a more neutral appearance, and reduced green tint. It is ideal for projects requiring a premium look and superior visual clarity, including glass façades, interior design, showrooms, and glass furniture.

Features

- شفافية فائقة ونقاء بصري عالي.
- نسبة حديد منخفضة تقلل اللون الأخضر.
- نفاذية ممتازة للضوء الطبيعي.
- تُظهر الألوان بوضوح ودقة أكبر.
- يمنح المشاريع مظهرًا فاخرًا وعصريًا.
- مناسب للتصنيع والتقسية والتغليف المزدوج.

Available Thicknesses 5.5 mm 6 mm 8 mm 10 mm 12 mm

Tinted Glass

We supply high-quality tinted glass that combines functional performance with aesthetic appeal, while maintaining consistent color and surface quality, making it suitable for a wide range of industrial applications.

Features

- Reduces heat transmission.
- Reduces solar radiation transmission.
- Excellent color stability over time.
- Superior surface quality.
- Suitable for cutting, shaping, and processing.
- Suitable for tempering and lamination.

Available Colors

- Bronze
- Dark Grey
- Green
- Blue
- Light Grey

Available Thicknesses 5.5 mm 6 mm 8 mm 10 mm 12 mm

Mirror Glass

Oasis Glass supplies high-quality raw mirror glass, featuring excellent reflective clarity and superior manufacturing quality, to meet the needs of factories that use mirrors in various production processes.

Features

- High-clarity reflection.
- Smooth surface free from distortion.
- High-quality reflective coating.
- Good moisture resistance under suitable conditions.
- Consistent manufacturing quality.
- Suitable for cutting and shaping according to factory requirements.

Available Thicknesses 5.5 mm 6 mm 8 mm 10 mm 12 mm

Available Thicknesses

To meet the requirements of various production lines, Oasis Glass supplies raw glass in a range of standard thicknesses suitable for a wide variety of industrial applications.

Thicknesses
5.5 mm
6 mm
8 mm
10 mm
12 mm

All products are available according to the required type and thickness, with a commitment to quality standards and manufacturing precision.

Available Sizes

We offer a comprehensive range of raw glass sheet sizes to meet the requirements of various production lines and industrial projects. Whether you require standard jumbo sizes or customized dimensions, we ensure precise measurements to support efficient manufacturing.

No.	Size
1	3.66 × 2.44 m
2	3.21 × 2.25 m
3	5.10 × 3.30 m

Why Oasis Glass?

At Oasis Glass, we believe that the success of factories starts with the quality of raw materials. That is why we are committed to providing reliable products and professional supply services that meet the requirements of the industrial sector.

Why Do Our Customers Choose Us?

- Direct supply to factories.
- High-quality products meeting specifications.
- Consistent product availability.
- Wide range of glass types and thicknesses.
- Competitive pricing.
- Fast order processing.
- Reliable delivery schedules.
- Specialized customer service.

Industries We Serve

We serve a wide range of factories and industrial sectors by supplying raw glass in various types and thicknesses.

Sectors

- Glass Factories.
- Aluminum Factories.
- Furniture Factories.
- Interior & Décor Factories.
- Mirror Factories.
- Glass Façade Factories.
- Glass Processing Factories.
- Glass Product Manufacturers.

Quality Standards

- High optical clarity.
- Precise thickness.
- Excellent surface flatness.
- Consistent specifications.
- Stable manufacturing quality.
- Ready for industrial processing.

Quality

Oasis Glass is committed to supplying raw glass that meets the highest quality standards, ensuring optimal performance throughout the manufacturing process.

Our Services

We provide specialized supply solutions for factories, with a strong focus on quality, fast delivery, and consistent product availability.

Our Services

- Raw glass supply.
- Direct supply without intermediaries.
- Commercial quantities.
- Support for production line requirements.
- Efficient order processing.
- Professional customer service.

Our Core Values

- **Superior Quality**

We are committed to applying the highest international quality standards to every glass sheet we supply, ensuring lasting performance and quality.

- **Safety First**

We prioritize the safety of our team and customers and follow strict safety procedures throughout all loading and transportation operations.

- **Reliability & Commitment**

We build our relationships on mutual trust and transparency, with a strong commitment to delivery schedules and accurate order fulfillment.

- **Innovation & Development**

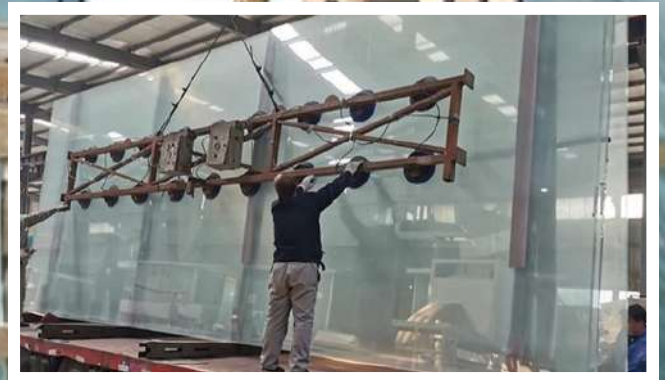

We continuously strive to keep pace with the latest developments in the glass industry to provide modern solutions that meet evolving industrial requirements.

- **Customer Partnership**

We go beyond supplying products to become trusted partners for our customers, providing professional support to help meet their production requirements.

Oasis Glass Company

Your Trusted Partner in Raw Glass Supply for Factories

Ultra Clear Crystal Glass (Low Iron Glass)

1

Ultra-clear low-iron glass, featuring exceptional clarity, high light transmission, and virtually no green tint.

Super Clear Float Glass (Low Iron Glass)

2

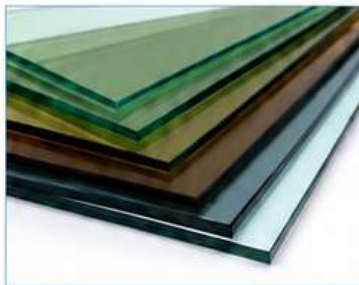

Low-iron, high-transparency glass that provides excellent clarity and superior purity for a wide range of applications.

Silver Mirror Glass

3

Glass coated with a reflective silver layer, providing clear reflection and an elegant appearance for both interior and exterior applications.

Tinted Float Glass (Transparent Tinted Glass)

4

Tinted transparent glass available in a variety of colors, combining aesthetics and functionality while providing solar protection with suitable light transmission.
